

PURE, POWERFUL SKIN SOLUTIONS

Treat yourself to the Elemis 8-Piece Total Indulgence Collection
– the *Today's Special Value* on Sunday 14th August 2005

QVC

Dear Mr Sample

Summer's the time for glowing, radiant skin - and it's easy to achieve with this fabulous *Today's Special Value* from Elemis.

At Elemis, we're renowned for our powerful skin solutions. Combining the best of science and nature, we use pure plant extracts to create advanced formulations that deliver real results. And this **8-Piece Total Indulgence Collection** is no exception! It's packed with dynamic products designed to rejuvenate your skin from top to toe.

This collection contains an aromatic treatment mask to leave your skin visibly refined and lifted, a nourishing milk treatment to soothe the skin, a smooth facial exfoliator to brighten and clarify the complexion and our **top-selling**, clinically proven, anti-ageing moisturiser. And that's just the start.

With two **full-size** products, the collection is amazing value for money – and it's **exclusive to QVC**. While you're waiting for your chance to snap it up, why not start preparing for your holidays? You can order the Elemis Tan Accelerator Duo and Elemis Travel Essentials right now, just by calling **0800 50 40 30**.

So be sure to join me on **Sunday 14th August** from **12am**, then at **11am, 2pm, 5pm, 7pm** and **11pm** when I'll be on hand to share expert advice and helpful skincare tips!

Best wishes
